PONY TALES

HOW TO GET STARTED

Welcome to the Area VII SP & MH Club's first Pony Tales Program . This program is a fun and rewarding way to acknowledge all the work you do with your VSE , miniature horses and your ponies. Not only do our equines pack a ton of fun in a compact size but , I feel they are the most versatile equine . Let's keep track of the fun and give some recognition to our favorite equines and all their abilities .

Both In and outside the show arena .

To enter :

Fill out the entry form .

Pay the Entry Fee or fees

One entry per handler and horse combo

No limit on entries.

Print the Pony Tales Program Log and keep track of your activities. Match your activities to the points list and log them on the sheet. I'm sure the list does not have everything we can do with our equines listed . In that case try to match it to the closest type of point Or contact Katey .

Due the last day of each month & must be received by the 15th in order to be counted.

example... due December 31 , turned in paid and received no later than January 15th
